CITY MUNICIPAL COUNCIL,
P B No 17

Mysore, Dated 31st May 1954

FROM

THE MUNICIPAL COMMISSIONER,
City Municipal Council,
MYSORE

1 JUN 1954

DEPARTMENT

To

The Secretary to Government
L.S.C Department
Bangalore

(Through the President, City Municipal Council, Mysore)

Subject - Purchase of materials required for works in connection with the Municipal Farm Improvement out of the Government of India loan secured through the Mysore Government

C/M 42-54-20

An amount of Rs.80,000/- was secured from the Government of India under the Crow More Food Scheme for the work of construction of a Septic tank and allied works in the Municipal Farm and the loan amount was required to be drawn and expended before March 1954 as originally scheduled The tender, in respect of the above work was only approved on 11-3-1954 in G O No L 16339-41/CM 146-53-2. As the time for utilising the heavy sum of Rs.80,000/- was very limited, with a view to fully avail of the loan granted during 53-54, it was proposed to purchase and stock several materials viz , M S.Pods Cement and C I Pipes and the machinery required for these works. Accordingly orders for supply of the materials were placed with M/S Mysore Iron & Steel works Bhadravathy for the first three items (in piece meal) and with M/S Richardson & Cruddas, Madras for the last item. The Municipal auditor has now raised an objection that as per the existing rules framed for the Municipal Stores articles cannot specially be obtained by the Municipality for stock on behalf of contractors unless it is expressly stipulated in the contract that the Municipality are to supply the article As the present procedure of stocking of the materials was with a view to saving possible lapse of loan granted by the Government of India and as the material supply position in the local market was difficult and since the auditor has raised a point of objection to the effect, that special sanction of Government is necessary for purchase of stores," I request you kindly to obtain orders sanctioning purchase and stocking of the materials intended for use in respect of the

above work

As it is now desired by the Covernment that the loan granted by the Government of India amounting to ₹ 80,000/ should be fully availdd of before June 1954 and as the supply bills are to be received, I request you to treat the matt r as urgent.

Yours faithfully

N Lakshmana Rau
